

The New Multi-Tool

The New
Creasing Option

Creasing the Fast Fit Way

The popular perforation and cutting options have been enhanced with the ground breaking **New Creasing** option.

The tool you have been waiting for

Now you can crease with the same results as only previously available with the exclusive **Tri-Creaser Easy Fit**.

The Multi-Tool has the advantage of incorporating new split creasing technology that eliminates the need to remove shafts. The creasing ribs simply push through the metal shafts and lock into the special creasing cassette located on the male collar.

The versatile Multi-Tool

Ideal for those covers with a perforation next to the spine. Superb for voucher books.

The redesigned nylon sleeve allows you to crease and perforate as close as 5mm apart.

The new patented split Fast Fit creasing ribs allow instant changeover without shaft removal.
