## Spring is here

Wendy is nearing the end of her Journey of competing in the London Marathon, with all her training she is as prepared as she can be at this stage and is looking forward to actually running the race. We all wish her well and have every confidence that she will complete the full 26 miles in a respectable time.

# GOOD LUCK WENDY

### Before the start of the London Marathon

Well done Wendy, your ambition of running the London Marathon is now complete, your dedication and hard work has really paid off, and the charities you raised so much money for will truly benefit from your gift. From someone, in your words 'who could not even run for a bus' to running the London Marathon is remarkable

**WE ARE ALL SO VERY PROUD OF YOU.....**

## Changing Times

For the past 14 years I have worked at Technifold under the guidance of Graham and Sue Harris and I can honestly say it's not only been an honour and pleasure working for them and also with all those people I have met during my time at Tech-ni-Fold and I will look back and think fondly of all the fun times we have experienced together. I have seen many changes during my career in the printing industry. I remember clearly such things as compositors and letterpress, so it's not surprising to let you know I am getting closer to being a dinosaur.

As for me I'm moving on to a more relaxed environment namely retirement but just as a warning you have not seen the last of me as I will still be coming back to work a couple of days a week to answer those technical questions and don't be surprised if you see me on the future Tech-no-Fold/CreaseStream exhibition stands.

**Once again thank you all for all your generosity, help and assistance over the years.**

Paul

## Important Price List Information:

### Micro-Peroration Blades:

Please note that the 50mm OD blades currently showing as a different price to all the other perforating blades, should read 74mm OD not 50mm.

### Old Style Multi-Tool Nylons:

Old style Multi-Tool Nylons that come without holes are the same price as a Micro-Perforator Nylon.

### MU-Drum Tape (see Pauls News)

This is a new product and was not included on the new price list. for availability and prices please contact me on [vivienne.edwards@technifold.co.uk](mailto:vivienne.edwards@technifold.co.uk)

## News from Overseas

Tech-ni-Fold Mexico will be exhibiting at Expográfica 2015 and joining the team will be Graham Harris, Sue Harris and Gina Palko. The show will be on from 12th May to 15th May, please if you are planning on visiting the show, why not go along and introduce yourself, I am sure they would like to meet you.

Tech-niFold UK and CreaseStream UK will be at this show, should you wish to meet with Graham, Sue, Lee or Gina they will all be there, Just pop along to Stand F8 anytime between the 13th - 16th April and I am sure you will be made welcome.

**If you are exhibiting Tech-ni-Fold or CreaseStream products in a show, please let me know, I am always interested and happy to report what the distributors are doing.**

### **It is never too early to think about Drupa,**

This coming year is all about the run up to Drupa, one of the biggest, if not the biggest print shows in Europe! Tech-ni-Fold & CreaseStream will be at the show and would welcome a visit from any of our distributors that happen to be attending or exhibiting.
