

Now you can save thousands of pounds each year AND improve the quality of your creasing...

# The END Of Cracking Problems

## Instantly Transform Your Existing Folder Into An Integrated Folding And Creasing Machine With Guaranteed PERFECT Results

**"They Laughed When I Put The Tri-Creaser On My Folding Machine, But When They Saw The Results..."**

What would you say if I said you can transform your existing **folder** into a perfect integrated folding and creasing machine, with a simple to use and cost-effective device? A device that gives a **cylinder quality crease**. A device that thousands of people all over the world are currently using to save time and thousands of pounds every year? Would you be interested?

### **The Solution: A Simple And Very Effective Device**

After 78 prototypes (yes, I don't give up easily) I finally achieved my goal. I created the "Tri-creaser," - the rotary creasing device that **totally eliminates fibre cracking** on materials ranging from 90 gsm to 350 gsm.

Better still...

**The Tri-creaser is perfect on digital stocks!**

Already **thousands** of printers and print finishers are benefiting from using the Tri-creaser. Here are a few recent comments from some of them...

"Your Tri-Creaser is simple - easy to use, and works on a wide variety of stocks. It has saved me some £100 - £200 per week."

Mr J Cole, **Eden River Press Ltd**

"The Tri-Creaser is simple to use with 100% quality. On average it saves us £30,000 per annum."

Mr B Tucker, **BRG Print Finishers**

"The Tri-Creaser is very straight forward - operator picked it up quickly. 80% of our scoring is now done in house."

Mr D Vokins, **Hunts Printing**

As you can see the Tri-creaser is achieving **startling results**. And we have literally hundreds of comments like these from other customers all over the world! Isn't it time you **at least** send for our **FREE** Information Kit?

### **"Secret" Creasing Agent Is The Key**

So why hasn't anyone made this "discovery" before?

That's simple really. The Tri-creaser uses a "secret" specially formulated creasing agent that stretches the fibres (doesn't crush like all other methods). Therefore fibre cracking just isn't "allowed" to occur. And here's the really good news...

### **Takes Just A Few Minutes To Set Up**

The Tri-creaser takes just **minutes** to set up on your folding machine - even by inexperienced operators. In fact the Tri-creaser takes the skill out of quality creasing operations, so no one needs any training.

Better still...

### **Attaches To All Popular Folding Machines**

The Tri-Creaser attaches to all popular makes of folding machine such as Heidelberg, Stahl, Rollem, Eurofold and MBO. Here are some more important benefits...

· **The Tri-creaser doesn't need demonstration.** It will start saving you time and money the moment you open it.

· **All the settings (3 creasing widths, and 2 deep settings) are built-in to the design** so the Tri-creaser is like having a very specialised operator working tirelessly for you, hour after hour, day after day, week after week - without the cost

· **The Tri-creaser will crease as fast as your folding or numbering machine can run.** It is 100% effective even over 25,000 sheets per hour!

· **You'll never have to outsource straight creasing jobs again.** Massive savings in time and money!

· **Excellent on digital stock**

· **Pays for itself on average between 1 and 3 job runs**

**The Tri-creaser also comes with a unique money back guarantee.**

I'm not asking you to order today. Send for our **FREE "Tri-creaser Information Kit."** I'll give you all the details. Only then do you have to make up your mind.

Call us now on **0116 2751440** or complete the coupon below and post it to us at the address below. Do it now. You really will be surprised at the vastly improved quality of your creasing work as well as the **savings** you'll make!
