The **MULTI-TOOL** sets new standards of excellence.

A versatile tool that micro-perforates from 65-350gsm, double cuts and strips the waste away, and also can be converted into a heavy duty edge trim device.

## MULTI-TOOL

### Eliminate the age old problem of fibre cracking...

Simply convert your folding machine into a high-speed creaser!

Produce perfect letterpress style creasing up to **10 times faster** by using the **EASY FIT**

## TRI-CREASER EASY FIT

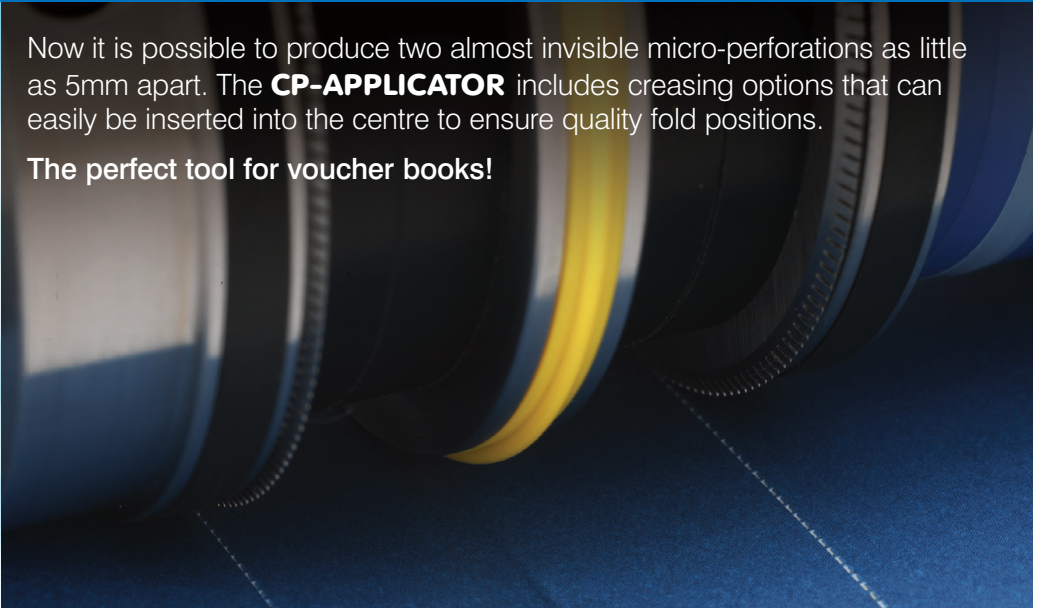

The revolutionary **SPINE & HINGE CREASER** was designed to produce up to four close proximity creasers for specialist products such as Perfect Bound book covers and capacity wallets.

## SPINE & HINGE CREASER

Now it is possible to produce two almost invisible micro-perforations as little as 5mm apart. The **CP-APPLICATOR** includes creasing options that can easily be inserted into the centre to ensure quality fold positions.

The perfect tool for voucher books!
