

The close proximity creasing device Introducing the Spine & Hinge Creaser

Now you can apply up to four deep creases – ideal for Perfect Bound book covers, folders, capacity wallets, or any product that requires multiple creasing

The perfect result

Deep penetrating crease application, see the difference...

Benefits of the Spine & Hinge Creaser...

- Completely eliminates fibre cracking 100%
- No more outsourcing of covers for off-line creasing
- On average pays for itself within the first five job runs
- Simple to set and easy to use
- No more sheet ripping or splitting covers completely in half during setting
- Works first time every time, avoiding unnecessary crease depth adjustment
- Produces a deeper and more flexible hinge
- Not limited by speed and works as fast as the machine can run
- Works perfectly on cross grain materials regardless of solid ink coverage
- Excellent on UV coated, laminated or Digital stocks
- Colour-coded creasing bands available for different grades of stock

Eliminating cracking is just the start...
