

# Tri-Creaser Advance Fast Fit & Easy Fit Compatibility

The Tri-Creaser Fast Fit with Advance Female

The Tri-Creaser Easy Fit with Advance Female

The Tri-Creaser Advance is uniquely designed to be compatible with both Tech-ni-Fold's existing Easy Fit and Fast Fit models. This single Instruction Guide contains all that you need to know about setting and operating the Advance Female System for both the Tri-Creaser models on your Folding/Creasing machine.

## Your Tri-Creaser Advance Tool

The Tri-Creaser Advance comes pre-set and ready to attach to the exit shafts of your Folding or Creasing Machine.

### 1 Tri-Creaser Advance Complete Pack

Contents include male and female components with a full set of coloured interchangeable creasing consumables to crease between 85-350gsm.

### 2 Tri-Creaser Advance Female Upgrade

Contents include only a female component with a full set of coloured interchangeable creasing consumables to crease between 85-350gsm. This kit is to be used in conjunction with your existing Tri-Creaser Easy Fit or Fast Fit male component.

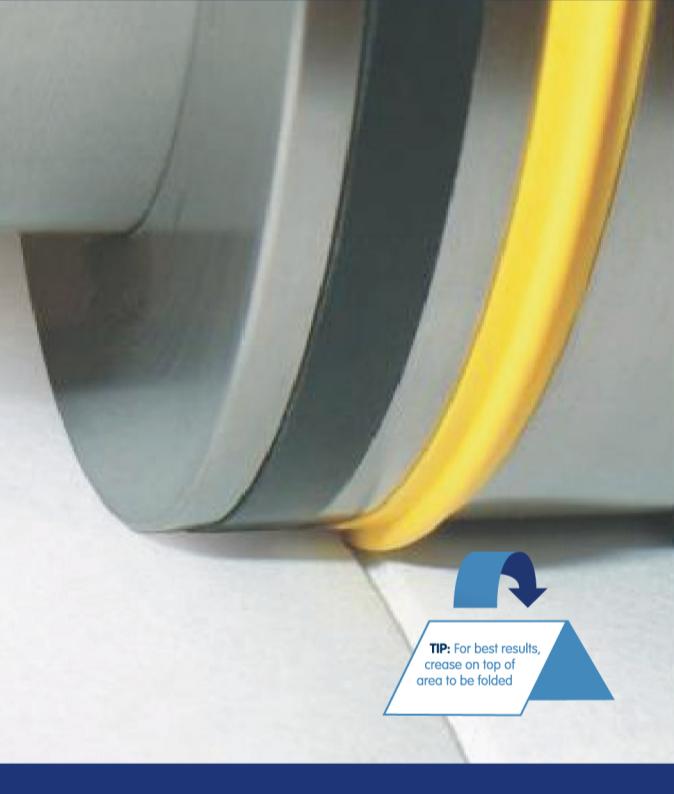

\*Tri-Creaser Fast Fit Advance Packages shown in images above. Also available for Easy Fit model.

## Crease Style Sample Guide

85 - 200gsm

200 - 270gsm

250 - 350gsm

## Easy Fit Instructions - Changing Male Creasing Ribs

Follow the steps to change the Easy Fit Male Creasing Ribs

### Inbuilt Storage Capacity

Spare creasing ribs can be stored on the male component.

### Push-Fit Setting

The chosen colour-coded creasing rib is simply pushed into position from the side.
