Tech ni Fold

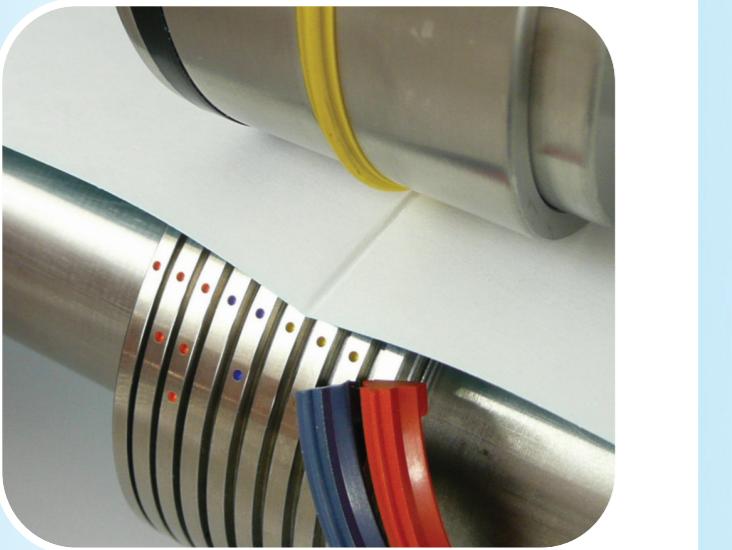

Global Leaders in creasing technology
Eliminating fibre cracking 100%

**Welcome to the Tech-ni-Fold world
of innovative creasing solutions
for the global printing industry**

**See inside for more
revolutionary products...**

Tri-Creaser Fast Fit FITS FOLDING MACHINES

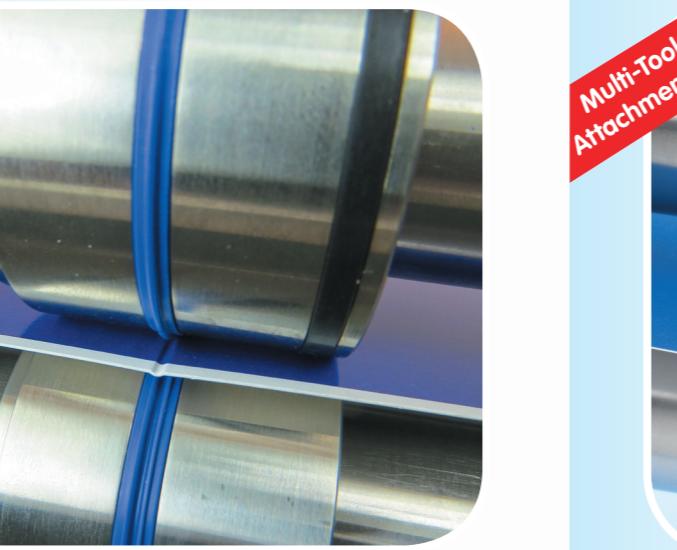

Split Creasing Rib Technology Is The Key

The Tri-Creaser Fast Fit is simply the essential tool for creasing. The Tri-Creaser Fast Fit uses revolutionary **Split Creasing Ribs** which dramatically reduces set-up time. A choice of three colour coded Split Creasing Ribs can be instantly applied **without** having to remove the machine exit shafts.

Tri-Creaser Advance FITS FOLDING MACHINES

Two-Way Creasing That Gives You The Edge

Enables easy creasing of difficult digitally printed materials on **folding and creasing machines**

This upgrade to the previous Easy Fit & Fast Fit versions uses a brand new male and female **interlocking creasing action** producing a crease definition never before seen. The top and the underside of the sheet are creased in one smooth action

The groundbreaking design helps to tackle the growing problem of inside-fold **toner-flaking** whilst guaranteeing to continue to eliminate outside-fold **fibre-cracking**

What people are saying about the revolutionary products...

"Witherby's have purchased a full range of Tech-ni-Fold products over the years and I can honestly say they have paid for themselves many times over. The quality of the product and the results we have achieved on Folders and Muller lines have been superb. I honestly cannot recommend these products highly enough."

James Green, Witherby & Co Ltd London

"Just a line to say we have done two jobs using the CP Applicator. Delighted! Saved 15 hours work on the Heidelberg cylinder between them and frees up a man."

Peter Meggitt, Northwolds Printers

"This is the first thing I've ever found that lives up to its billing 100%. I recently bought one to try and now I have nine!"

Doug Rosen, Pearl Pressman Philadelphia, USA

"Twenty six years of printing and the Tri-creaser is simply the best."

Jim Barnard, Delancey Printing, VA

"The Tri-Creaser!! Amazing that something so simple and user friendly wasn't brought to the market years ago! We have already earned back the investment in only two months since the purchase. We have an easier and faster workflow – a perfect solution!"

Christian Nielsen, Team Leader Datagraf, Denmark

"We received the Spine-Creaser attachment this morning and it went right in without any problems. The before and after on the cover spines is so dramatic that everyone from our sales department is floored!"

Erik Flint, Concord Litho, USA

"Thank you! I really appreciate your efforts! As a first-time customer I am very glad to encounter such an excellent service and friendly attitude! I think if the companies in my region were so energetic and responsive as yours, the economy situation here would be of a much higher level."

Filip Gichev, Nepondon Printing House, Bulgaria

"The Tri-Creaser!! Amazing that something so simple and user friendly wasn't brought to the market years ago! We have already earned back the investment in only two months since the purchase. We have an easier and faster workflow – a perfect solution!"

Christian Nielsen, Team Leader Datagraf, Denmark
